WE GO HYBRID

2ND INTERNATIONAL CONFERENCE ON APPLIED ELECTRICAL, ELECTRONICS, AND INFORMATICS ENGINEERING (INFERT)

"AI AND IOT TECHNOLOGIES: EMPOWERING THE DIGITAL AUTOMATION AND ENERGY REVOLUTION"

NOVEMBER 20, 2025

CALL FOR PAPERS

THE SCOPE OF THE CONFERENCE

SMART ENERGY SYSTEMS AND ELECTRICAL POWER INNOVATIONS (ELECTRICAL ENGINEERING FOCUS)

- Smart grids and intelligent power distribution
- Renewable energy
- Energy management systems and demand response
- Predictive maintenance in electrical infrastructure
- Power system automation and real-time monitoring

EMBEDDED SYSTEMS AND INTELLIGENT ELECTRONICS (ELECTRONICS ENGINEERING FOCUS)

- AI-driven embedded systems
- IoT-based sensor networks
- Power electronics
- Robotics and mechatronics
- Signal processing and control systems

AI ALGORITHMS AND SOFTWARE INFRASTRUCTURE (INFORMATICS/COMPUTER SCIENCE FOCUS)

- Machine learning and deep learning applications
- Cloud computing
- Network Architecture and Cybersecurity
- Big data analytics for smart environments
- Software Development
- Multimedia Technologies

CROSS-DISCIPLINARY APPLICATIONS AND INTEGRATION

- Smart homes, cities, and buildings
- Industry 5.0 and intelligent manufacturing
- Human-machine interaction and
- Autonomous systems
- Healthcare and wearable technologies
- Environmental monitoring and disaster management

JAJANG NOERALAM

NOVI ARYANI FITRI
085245224550

NANDA RUSYDA SAUFA
082255995244

IMPORTANT DATES

Full Paper Submission Deadline
- July 15, 2025

Notification Of Full Paper Acceptance
- August 15, 2025

Registration Deadline
- September 1, 2025

Camera Ready Deadline
- September 1, 2025

Day Of Conference
- Hybrid, November 20, 2025
